Artur Pazyniuk, Front-end Developer

I am a Front-end developer with more than 5 years of experience with such technologies: React, Redux, TS.

Skills

- ○ React
- ○ TypeScript
- ○ Next.js
- ○ Redux
- ○ Sass
- ○ etc...

Employment History

Middle Front-end Developer at Alar Studios, Budva

October 2020 — August 2023

My achievements:

- Configured Webpack and developed project's architecture from scratch..
- Set up testing environments (unit, screenshot, integration, e2e).
- Implemented real-time features using technologies such as Web Sockets. Ensured efficient handling of real-time data synchronization and communication between users
- Led the Front-end development team, providing guidance, mentorship, and support.

Junior Front-end Developer at Os-system, Odessa

July 2018 — September 2020

My role:

- Identified and resolved front-end bugs, UI glitches and performance issues.
- Participated in code reviews, provided constructive feedback.
- Ran tests and ensured cross-browser support.
- Used Axios library to fetch data from server, serialized and rendered it.
- Designed and developed interactive charts and visualizations that effectively represent data.

Education

Bachelor, Kyiv State University of Infrastructure and Technologies, Kyiv

September 2015 — May 2019
